A TRIP TO THE BOOK FAIR

A grand book fair was held at Gandhi Maidan, Patna, recently, which ran for 12 days. It was our immense pleasure that *Mundeshwari College for Teacher Education* organised a visit/trip to the book fair on December 13th, 2025.

The visit aimed to enhance students' overall knowledge of books by offering insights into the writing process and the inspirations behind the books. Stories from diverse backgrounds improved empathy and understanding of different perspectives, contributing to social awareness and emotional stability. The vibrant atmosphere was filled with excitement, and special discounts offered by most stalls made the experience even more rewarding. Some of the students purchased a few classic novels and books for competitive examinations.

These visits helped students develop valuable insights into the writing process and current trends. It exposed students to different cultures, languages, and ways of life, promoting a global perspective.

In conclusion, the visit was highly beneficial and unforgettable. It successfully fostered a love for books and literacy within the students.
