AIDS awareness campaign 2023

World AIDS Day, designated on 1 December every year since 1988, is an international day dedicated to raising awareness of the AIDS pandemic caused by the spread of HIV infection and mourning those who have died of the disease. The acquired immunodeficiency syndrome (AIDS) is a life-threatening condition caused by the human immunodeficiency virus (HIV). The HIV virus attacks the immune system of the patient and reduces its resistance to other diseases. Government and health officials, non-governmental organizations, and individuals around the world observe the day, often with education on AIDS prevention and control. Students of the college prepared posters and banners depicting the awareness issues and the social stigma around AIDS.

Dowry System

The dowry was property transferred by the bride, or on her behalf by anyone else, to the groom or groom's father, at their marriage. Dowry was a very common institution in Roman times, and it began out of a desire to get the bride's family to contribute a share of the costs involved in setting up a new household. Dowry is a social evil in the society, that has caused unimaginable tortures and crimes towards women. Road Safety Awareness 2021

Road safety awareness is crucial because it helps reduce the number of injuries and deaths on our roads. In road safety awareness campaign, students will learn about the critical road safety rules and the importance of following them.

To stay safe, one must know the proper way to drive a car and not rely on in-car technology like a navigation system. It can be challenging to know how much space one needs when driving a large vehicle like an SUV or a bus, so keep in mind that one should leave enough room for emergency vehicles if there is one nearby. Proper knowledge and education on road safety rules are required while driving or walking across the streets. Students prepared banner and posters giving the message of road safety.

Swachhta Pakhwada

Swachh Bharat Abhiyan has become a 'Jan Andolan' receiving tremendous support from the people. Swachh Bharat Abhiyan is one of the most significant and popular missions to have taken place in India. The Swachhta Pakhwada launched by Government of India, is a fortnight-long program observed to ensure mass participation of citizens in Swachhta activities and to truly transform Swachh Bharat into a citizen's movement leading to a national movement, which is the most significant cleanliness campaign in India. This drive was formulated to cover all the cities and towns of India to make them clean and it would be the best tribute India could pay to Mahatma Gandhi on his 152nd birth anniversary in 2021. With citizens now becoming active participants in cleanliness activities across the nation, the dream of a 'Clean India' once seen by Mahatma Gandhi has begun to get a shape.
