

## Report on Three-Day Workshop

Mundeshwari College for Teacher Education, successfully organized a three-day workshop in collaboration with Pidilite Industries from 01/09/2025 to 03/09/2025. The objective of the workshop was to enhance creativity, innovation, and hands-on skills among students through various art and craft activities. The resource persons from Pidilite provided expert guidance on different techniques of craftwork use of Fevicyl products in innovative ways. Students actively participated in both the sessions and explored their artistic abilities. Each day of the workshop was dedicated to a specific theme.

The workshop was highly interactive and provided a platform for students to learn, express creativity, and gain confidence in art-based teaching methodologies. The efforts of the trainers were deeply appreciated, and the participants expressed their gratitude for such an enriching experience. On the final day certificates were provided to all participants by the Pidilite Industries.
