

Report on Blood Donation Camp

A blood donation camp was organized in Mundeshwari College for Teacher Education on **16/09/2025 (Tuesday)** in collaboration with **Prathama Blood Bank**. The event aimed to create awareness about the importance of blood donation and to encourage students and staff to actively participate in this noble cause. The camp was inaugurated by our Principal Dr. Kumari Sunita Singh along with representatives from Prathama Blood Bank. A team of trained doctors, nurses, and volunteers managed the process with utmost care and ensured proper hygiene and safety measures. Before donating, each donor underwent a health check-up including blood pressure, hemoglobin, and weight assessment.

Students, teachers, and non-teaching staff came forward to donate blood voluntarily. Refreshments were provided to all donors, and they were also given certificates of appreciation by the blood bank. The program was a great success as it not only helped in collecting life-saving blood but also spread the message of social responsibility and humanitarian service among the youth. The college management expressed gratitude to Prathama Blood Bank for their support and assured that such initiatives would be organized regularly in the future.

Sunita Singh.
